Objective

Junior year (3rd year) Industrial Mathematics - Computer Science student at Covenant University looking for an internship for a duration of 6 months.

Skill Set

- **Programming:** I have always been passionate about programming and creating software, I have gained an intermediate level of understanding in the following technologies: JavaScript, Python, Java.
- **Team Work:** I have continuously developed my ability to recognize team structures, participate to enhance the strengths and mitigate weaknesses within teams.
- **Organization Skills:** I am able to deliver tasks in a timely manner through prioritization.
- **Web development:** Possesses intermediate knowledge in front end development languages like HTML, CSS and bootstrap
- **Personal:** I am self-driven, analytical and have adequate planning skills. I am result oriented and dedicated in my duties; even under pressure. I am attentive, determined and love a good challenge.

Education

2019 - Present Covenant University, B.sc Industrial Mathematics -
Computer Science
